Have you ever wondered how women are always lying and cheating but never seem to get caught? Ever been dumped or served divorce papers out of the blue without warning? Have you ever been completely blindsided by the shocking discovery of your wife or girlfriend's cheating? Of course you have. We ALL have.

Hi, I'm Donovan Sharpe and I have a lifetime of experience with women. Some experiences were great, others not so much. I've been cheated on, lied to, taken advantage of, you name it, it's happened to me.

Most Men these days are completely clueless about how women communicate. As Men, we tend to communicate **OVERTLY**, meaning we say what we mean and we mean what we say. Women, on the

other hand communicate covertly which means what they say and what they MEAN are often two VERY different things...

...and therein lies the problem. It's much more difficult to understand covert communication. And because women communicate covertly, it is often challenging, if not impossible to read between the lines and decipher what they're really telling us. And guess what....women know this. Worse yet, they KNOW we don't know. And because of this, it is very easy for them to lie to, deceive, mislead, and manipulate us.

So now the question is how do we crack the code? How can we learn to decipher what women are REALLY telling us so we can act accordingly?

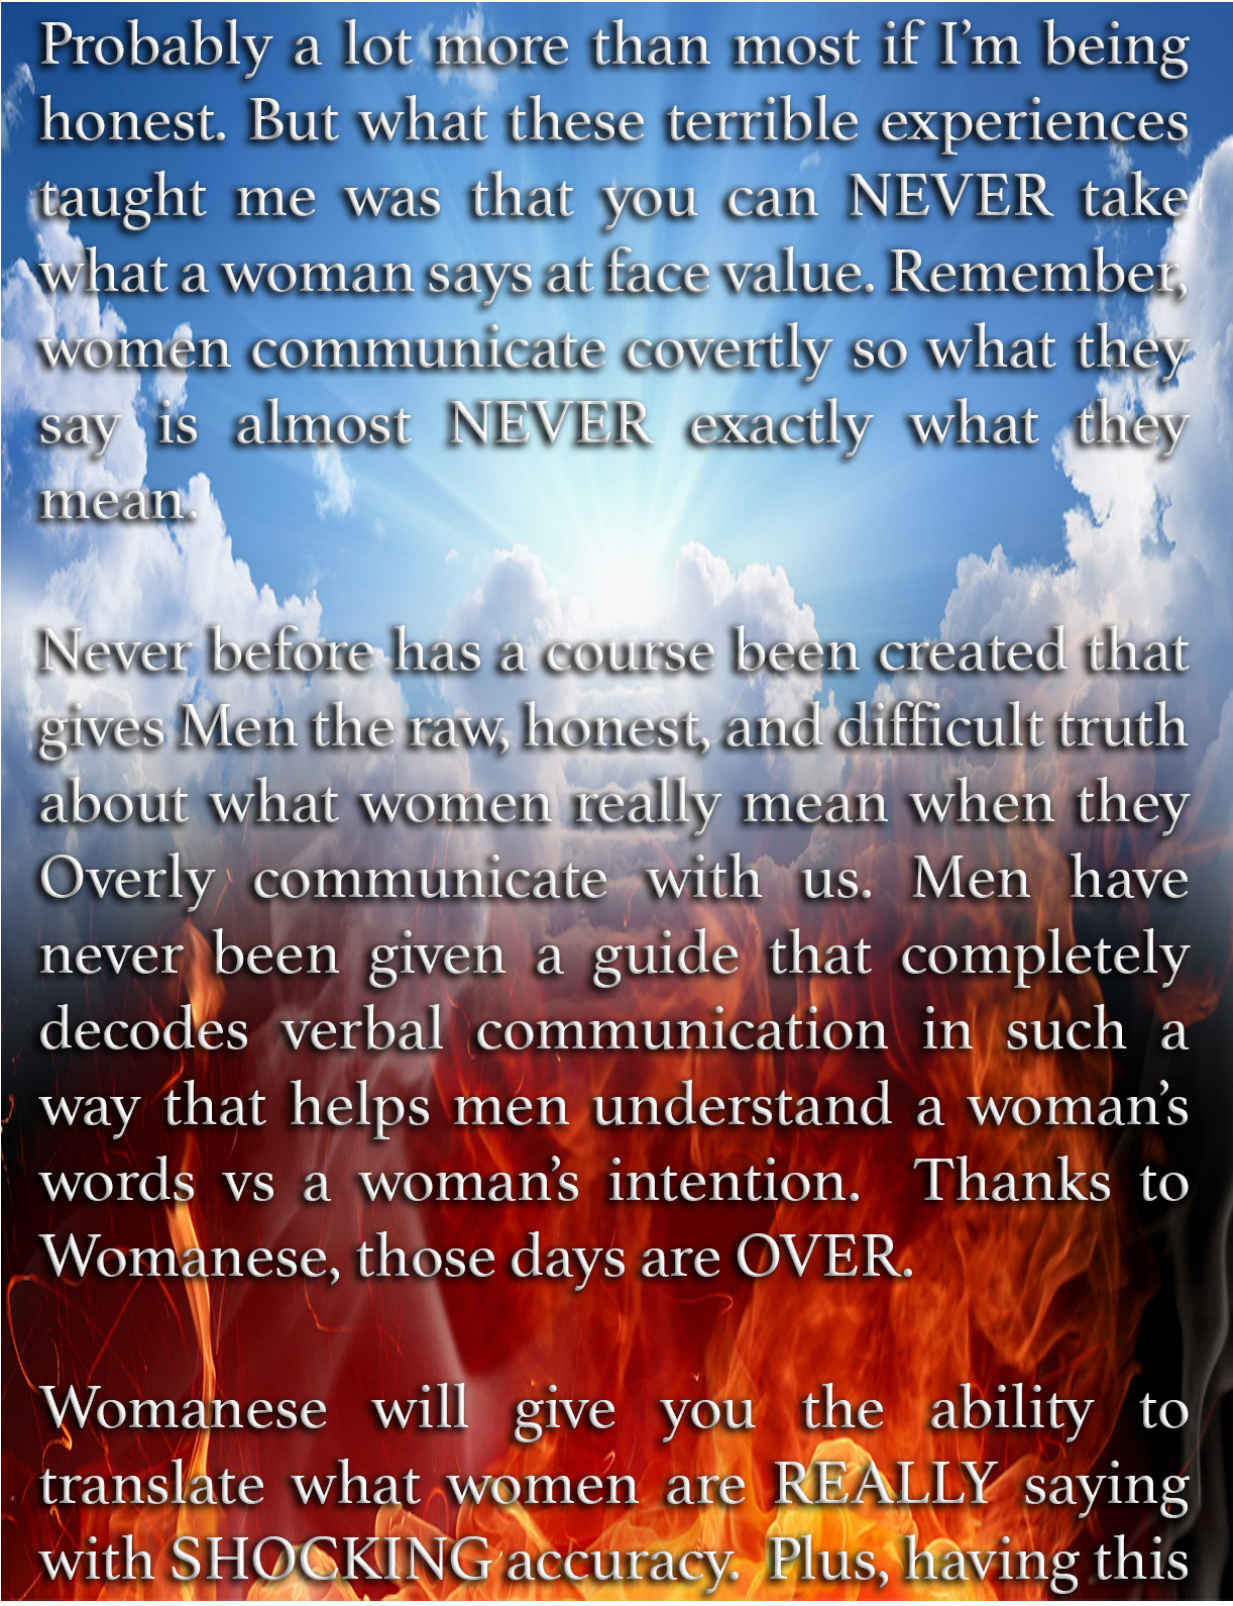

Enter, The Book Of Womanese Vol. I What She Says vs What She Means

As someone who's fluent in womanese, I will teach you how to interpret the statements women make. Not only will being fluent in womanese make you much better with women, it will drastically reduce the odds of being taken advantage of by them.

Everything from what they say in relationships, how they tell us they aren't interested in a sexual relationship, to how they tell us they're cheating on us, I will translate over 100 of the most common phrases that women use to mislead and deceive Men.

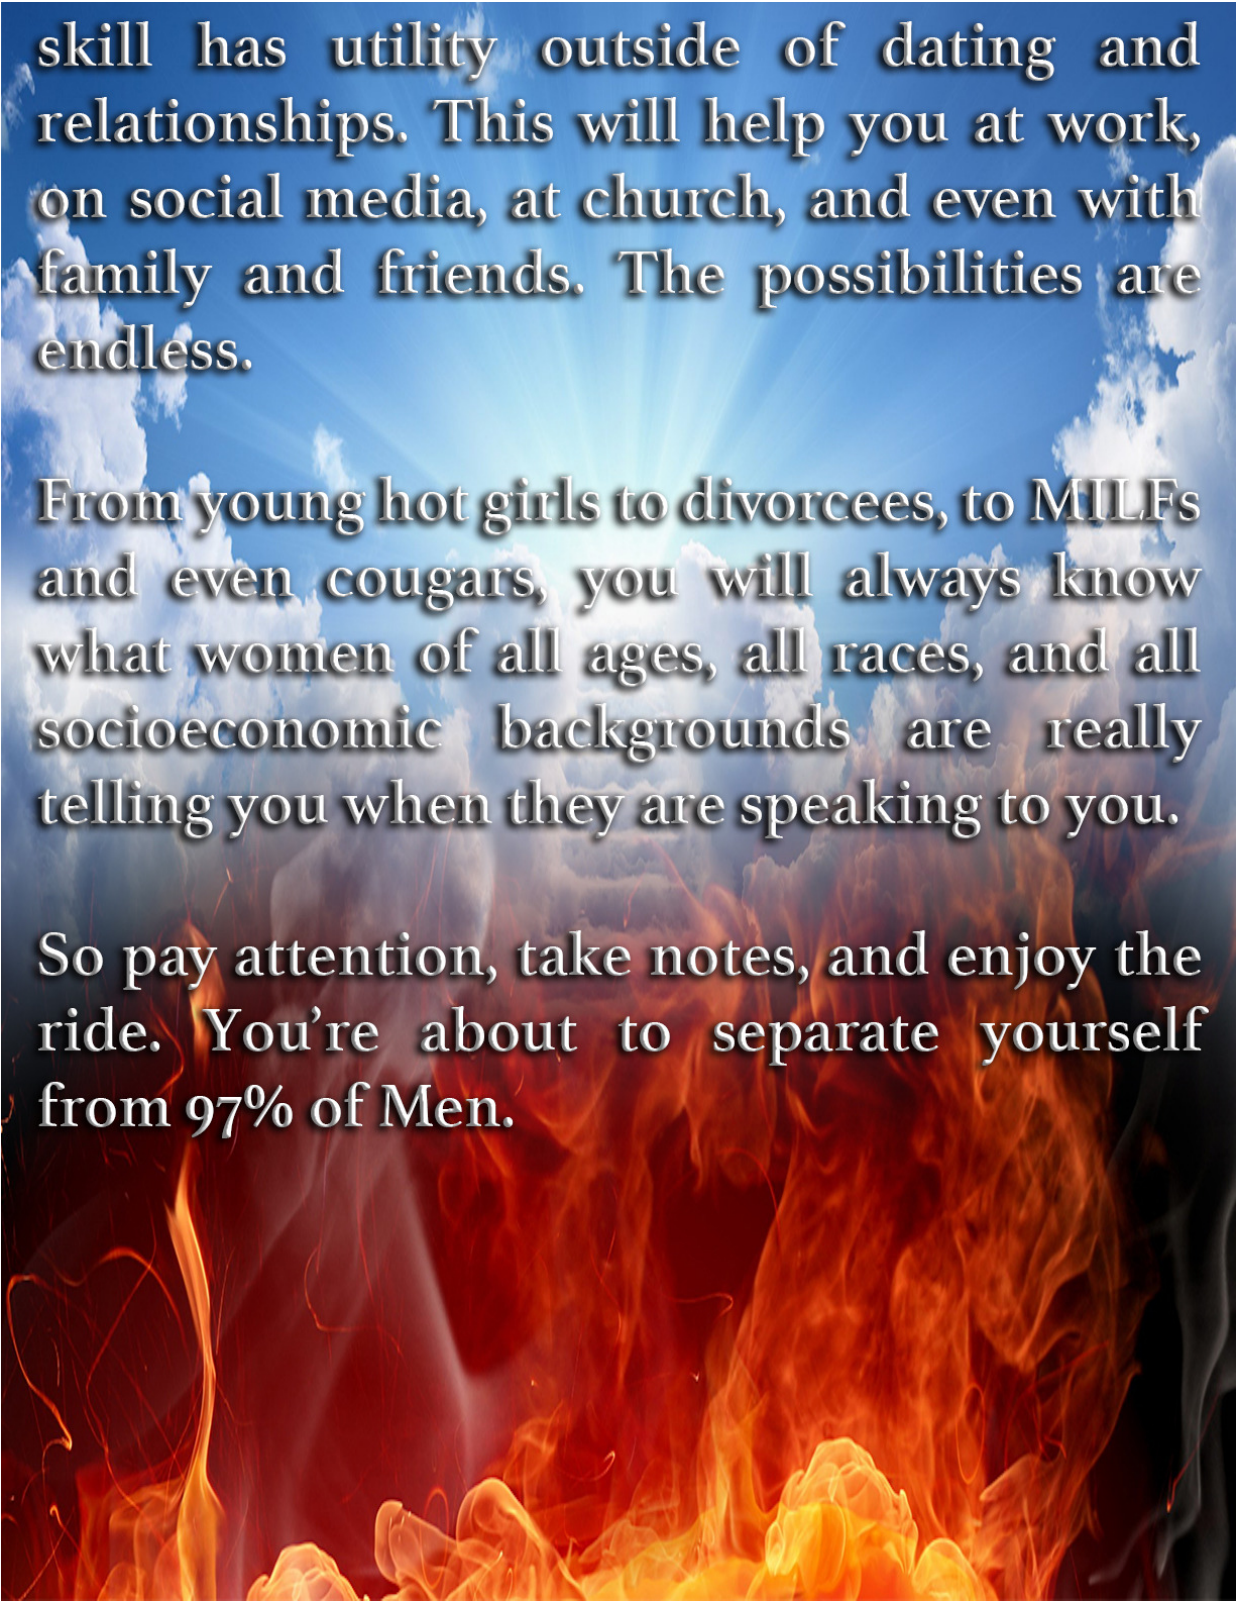

Like any Man, I've had my share of heartbreak and frustrations with women.

Probably a lot more than most if I'm being honest. But what these terrible experiences taught me was that you can NEVER take what a woman says at face value. Remember, women communicate covertly so what they say is almost NEVER exactly what they mean.

Never before has a course been created that gives Men the raw, honest, and difficult truth about what women really mean when they Overly communicate with us. Men have never been given a guide that completely decodes verbal communication in such a way that helps men understand a woman's words vs a woman's intention. Thanks to Womanese, those days are OVER.

Womanese will give you the ability to translate what women are REALLY saying with SHOCKING accuracy. Plus, having this

skill has utility outside of dating and relationships. This will help you at work, on social media, at church, and even with family and friends. The possibilities are endless.

From young hot girls to divorcees, to MILFs and even cougars, you will always know what women of all ages, all races, and all socioeconomic backgrounds are really telling you when they are speaking to you.

So pay attention, take notes, and enjoy the ride. You're about to separate yourself from 97% of Men.

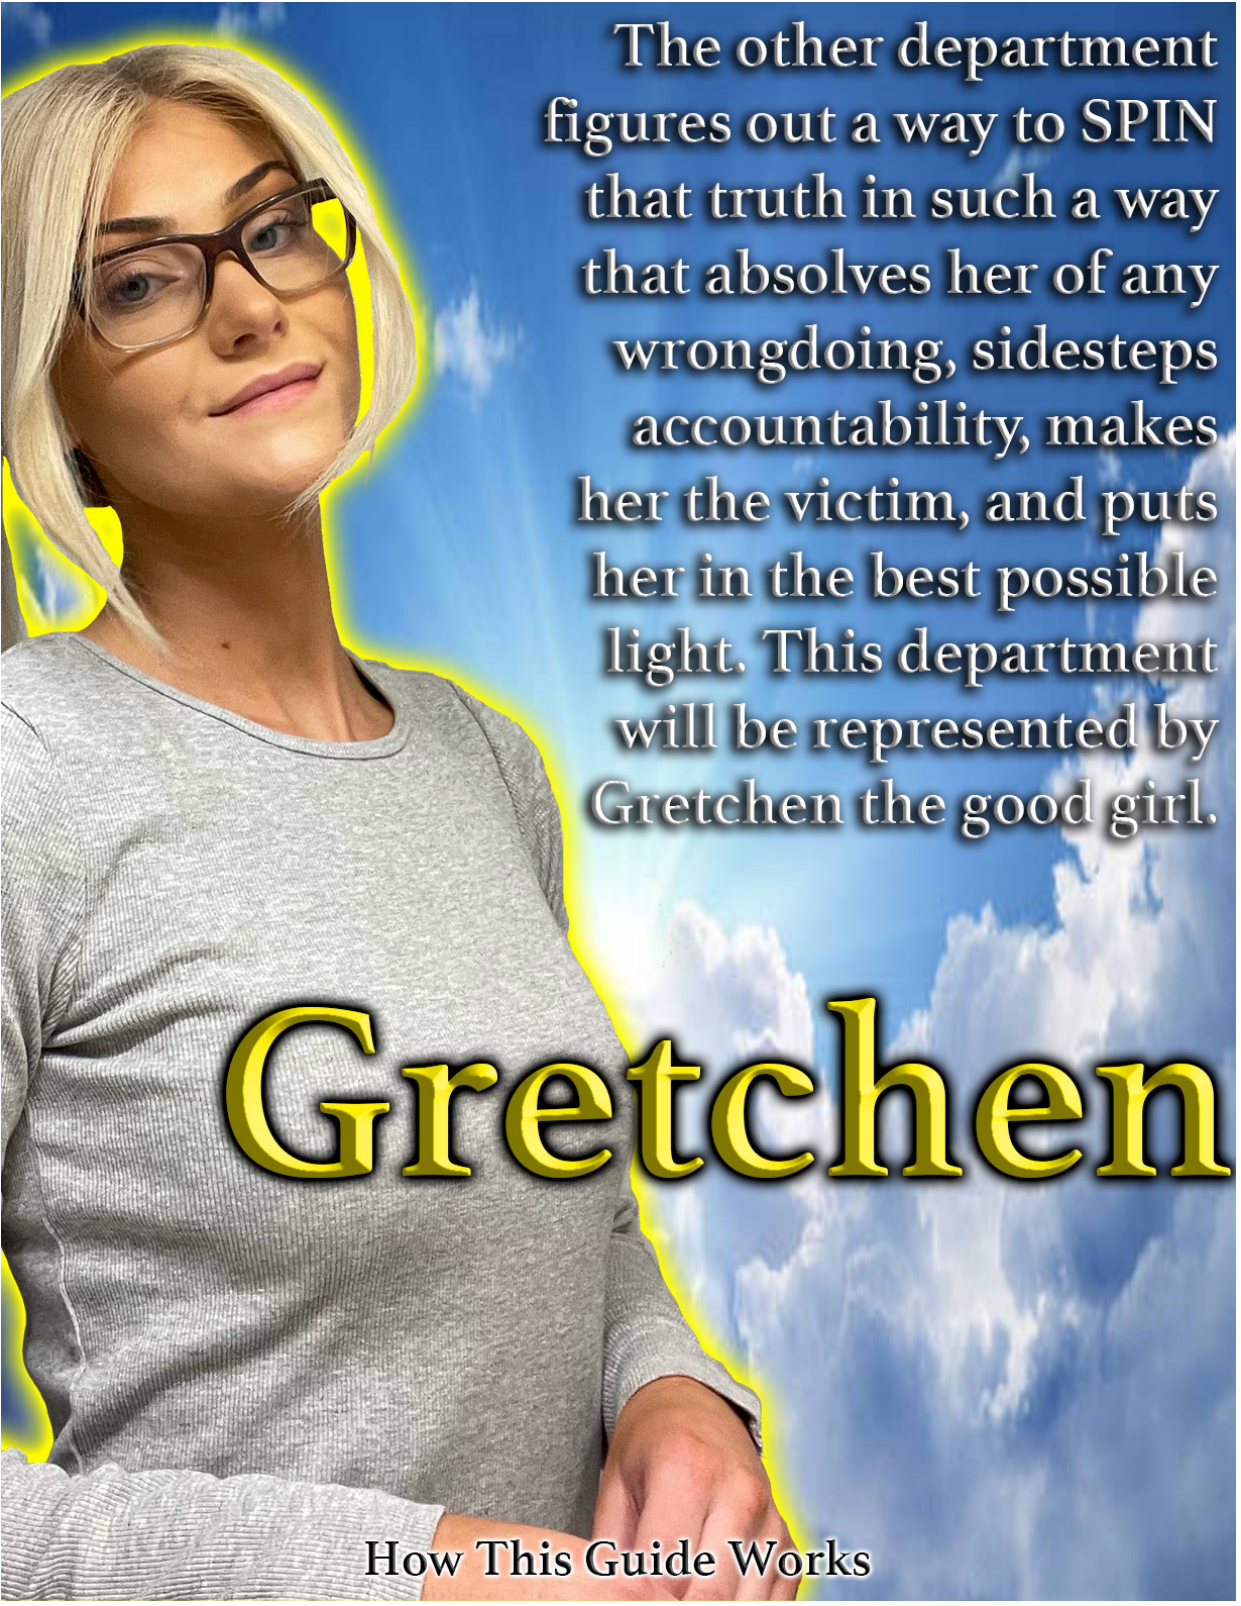

Every woman's social
conscience has two
departments.

One department knows
the unfiltered truth.
Brianna the bad girl will
represent this
department.

Brianna

How This Guide Works

The other department figures out a way to SPIN that truth in such a way that absolves her of any wrongdoing, sidesteps accountability, makes her the victim, and puts her in the best possible light. This department will be represented by Gretchen the good girl.

Gretchen

How This Guide Works

Here's an example; women do NOT like
being called out for making bad decisions...

How This Guide Works

So when she says...

*“Don’t
judge
me!”*

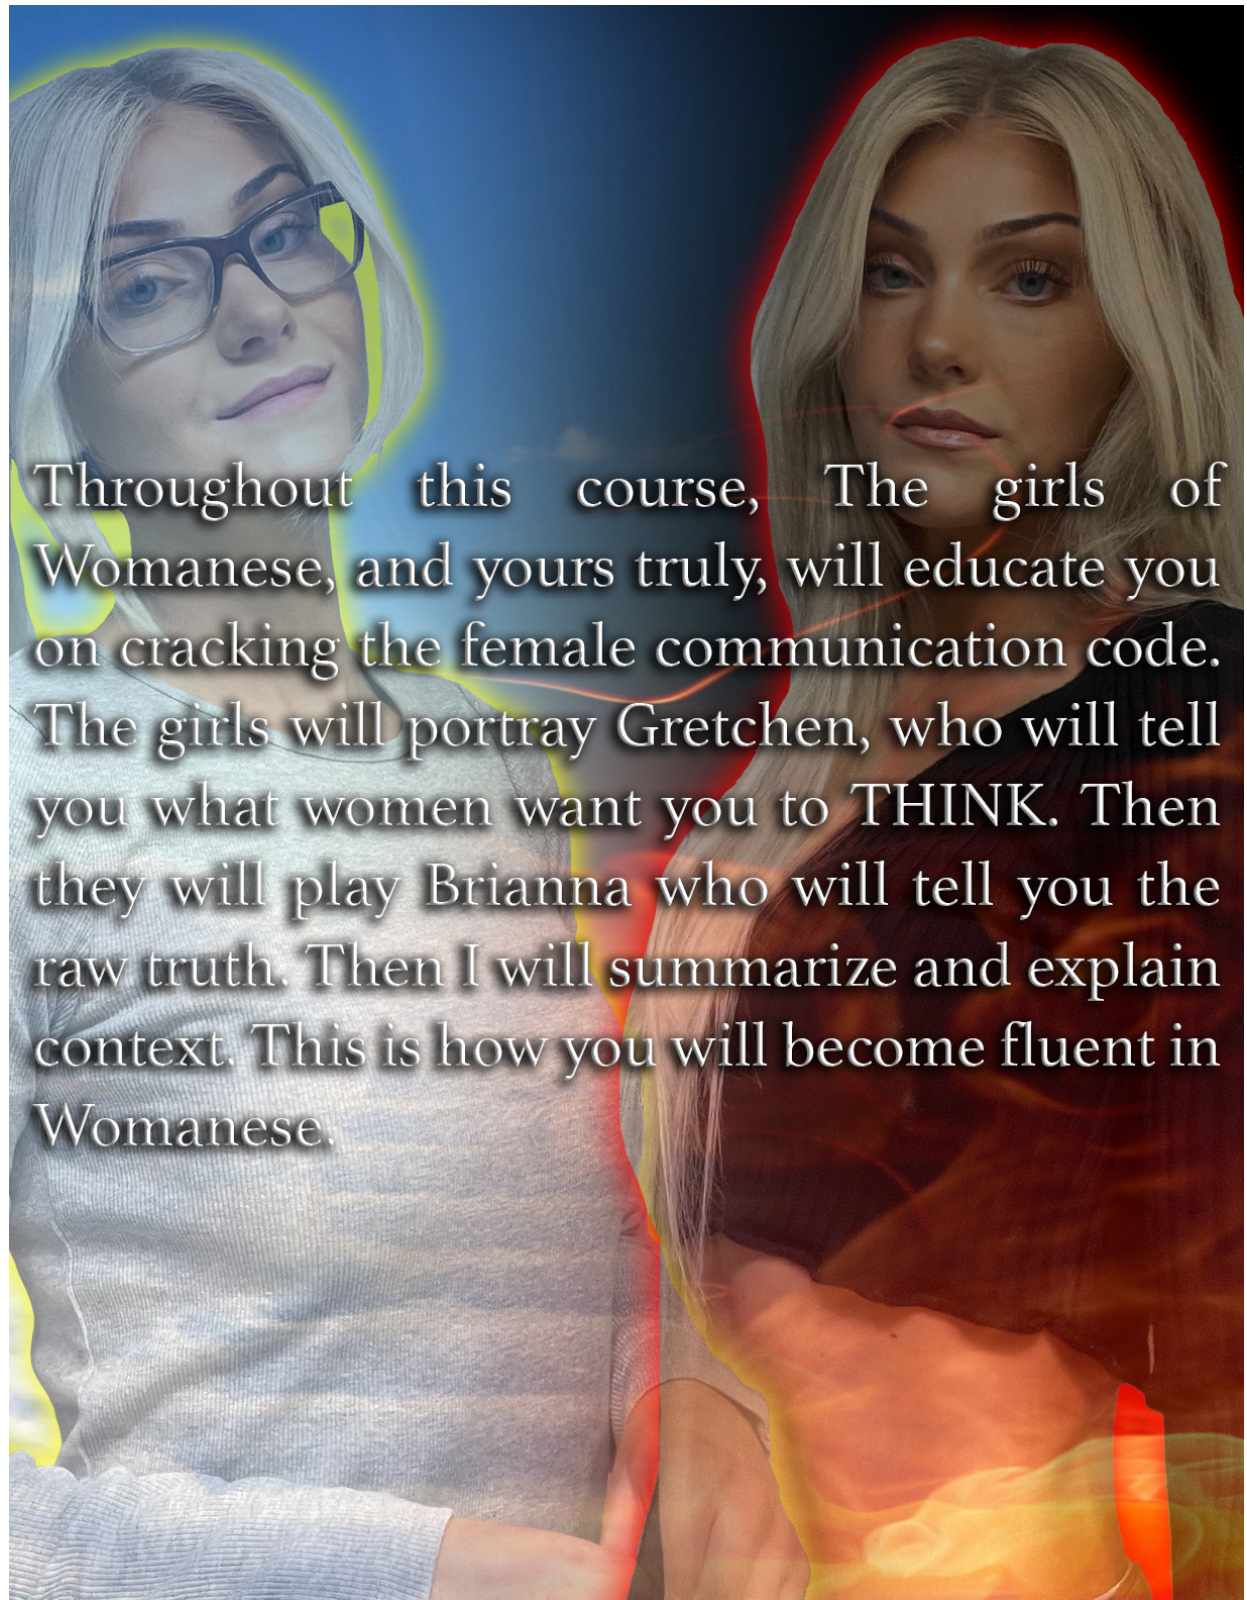

How This Guide Works

She really means...

Don't call
me out on
my bad
decisions

How This Guide Works

Throughout this course, The girls of Womanese, and yours truly, will educate you on cracking the female communication code. The girls will portray Gretchen, who will tell you what women want you to THINK. Then they will play Brianna who will tell you the raw truth. Then I will summarize and explain context. This is how you will become fluent in Womanese.

Chapter I

Saving Face

Women do NOT like looking bad in any situation. In fact, they avoid it at all costs. They do this with misleading phrases, convoluting the truth, or just flat out lying.

This section will focus on the things women say to make sure they come out smelling like roses in any and all situations.

What she **SAYS**:

“Don't judge me!”

What she **MEANS**:

Don't hold me
accountable for
my bad decisions

Volume 1, Chapter 1: Saving Face

Why does she say this?

Women make impulsive decisions all the time. But they don't want to accept responsibility for their actions. So they use the "don't judge me" phrase to preemptively avoid being held responsible for their actions.

Womanese 101
Professor Sharpe

What she **SAYS**:

“He cheated on me”

What she **MEANS**:

I cheated on him

Volume 1, Chapter 1: Saving Face

Why does she say this?

This is a go to lie women tell their family and friends to cover up their own cheating. The reason they use this lie so much is #1 They know that it can't be proven, and #2 she knows her family and friends will take her side.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“He cheated on me so
I dumped him”*

What she **MEANS**:

*I cheated first, so
he cheated on me*

Volume 1, Chapter 1: Saving Face

Why does she say this?

He cheated on me so I dumped him: This is a classic example of a woman leaving out the part where SHE fucked up. They do this ALL the time. It is never this simple, and there is always more to the story.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“He wasn't attentive
to my needs”*

What she **MEANS**:

I use this excuse
because every
woman does

Volume 1, Chapter 1: Saving Face

Why does she say this?

He wasn't attentive to my needs:
This is another classic line in the
"blame him for my cheating"
playbook that women have been
using for years. And by the way,
she'll never tell you exactly HOW
he didn't meet her needs. Funny
how that works right?

Womanese 101
Professor Sharpe

What she **SAYS**:

“We grew apart”

What she **MEANS**:

I cheated

Volume 1, Chapter 1: Saving Face

Why does she say this?

A woman will never say “I cheated.” She’ll sugar coat it with something nebulous like “we grew apart” as if to imply that it magically forced her on another man’s dick. When a woman says this, it means she cheated.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“I fell out of love
with him”*

What she **MEANS**:

*I started fucking
another guy*

Volume 1, Chapter 1: Saving Face

Why does she say this?

This, gentlemen, is the branch swinger's anthem. A woman never falls out of love with a Man if she hasn't fallen IN love with another man FIRST. This line is a dead giveaway that she was fucking around before she "fell out of love"

Womanese 101
Professor Sharpe

What she **SAYS**:

*“We ended things
mutually”*

What she **MEANS**:

He dumped me

Volume 1, Chapter 1: Saving Face

Why does she say this?

Women never leave a relationship if they haven't started another one. So when a woman says the breakup was a "joint decision", you can bet your ass that he dumped HER.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“I’m doing this
for me”*

What she **MEANS**:

*I’m doing this for
more attention
from guys*

Volume I, Chapter I: Saving Face

Why does she say this?

Every decision a woman makes is for the sole purpose of attracting more Men. Losing weight, changing their hair, anything and everything they do is to increase their opportunities for dick. "I'm doing this for me" is code for "I'm doing this for cock."

Womanese 101
Professor Sharpe

What she **SAYS**:

*“I am SO done
with him!”*

What she **MEANS**:

If he calls me, I will
totally fuck him

Volume I, Chapter I: Saving Face

Why does she say this?

The opposite of love isn't hate. It's indifference. If a Man still elicits strong reactions from a woman, she definitely still wants to be with him. If a woman ever says this to you, count on her taking that guy's dick that night.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“I don't know why
women don't like me”*

What she **MEANS**:

*They don't like me
because I flirt with
their boyfriends &
husbands*

Volume 1, Chapter 1: Saving Face

Why does she say this?

Women always feign ignorance when it comes to being attention whores. Pretending they don't understand why girls don't like hanging out with them is another way they do this.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“I’m in an open
relationship”*

What she **MEANS**:

I cheat, he doesn't

Volume 1, Chapter 1: Saving Face

Why does she say this?

Women cheat all the time as a matter of habit. Telling you she's in an open relationship is her admitting to you that she's unfaithful, without actually calling it cheating.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“I don't normally
do this”*

What she **MEANS**:

*I do this all the
time. I just don't
want you to think
I'm a slut*

Volume 1, Chapter 1: Saving Face

Why does she say this?

This is another example of a woman putting up her slut shields. They WANT to engage in slutty behavior without being labeled a slut and this is a go to phrase they use when they're about to fuck a guy they really like. Remember, gentlemen...you're not special. She just wants you to THINK you are.

Womanese 101
Professor Sharpe

What she **SAYS**:

“I’m not a size queen”

What she **MEANS**:

I love huge dicks

Volume 1, Chapter 1: Saving Face

Why does she say this?

A preference for huge dicks is the calling card of a bona fide slut. She's fucked enough guys that she's had her share of big dicks in her life. If a woman says this to you unprovoked, she is 100% a size queen. Remember...the more a woman tries to convince you of something, the more likely it is that it is totally false.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“I’m not like
most girls”*

What she **MEANS**:

*I am like most girls
but I want you to
think I’m not*

Volume 1, Chapter 1: Saving Face

Why does she say this?

Every girl says this to a guy at some point. This is what we call "snowflaking." The thing is, women KNOW they're not special. They just want you to THINK they are. All women are not the same, but all women are like that.

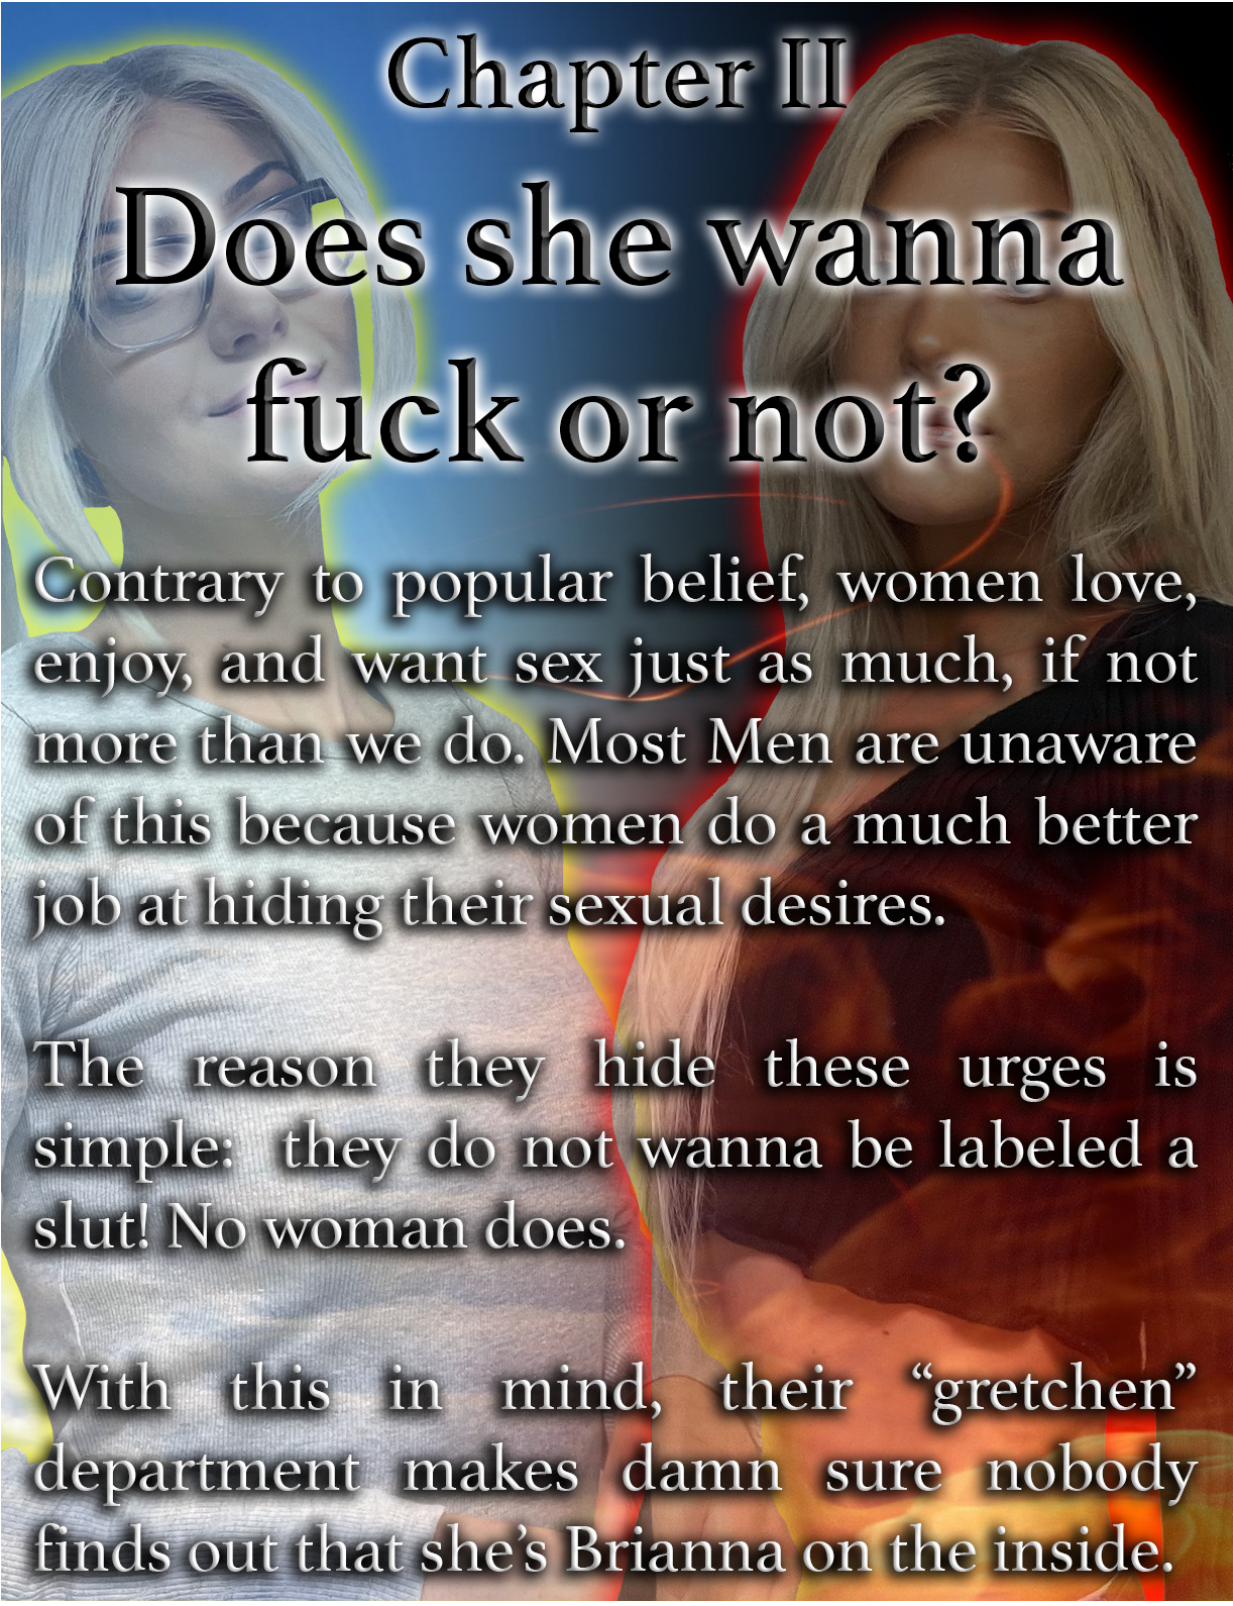

Womanese 101

Volume I
Chapter II

Does she
wanna fuck
or not?

Chapter II

Does she wanna fuck or not?

Contrary to popular belief, women love, enjoy, and want sex just as much, if not more than we do. Most Men are unaware of this because women do a much better job at hiding their sexual desires.

The reason they hide these urges is simple: they do not wanna be labeled a slut! No woman does.

With this in mind, their “gretchen” department makes damn sure nobody finds out that she’s Brianna on the inside.

What she **SAYS**:

*“There's no way I'd
ever sleep with him”*

What she **MEANS**:

I wanna fuck him

Volume I, Chapter II:
First dates, cheating, and covert slut tells

Why does she say this?

Remember what I said about women trying to convince you of something knowing they're lying? This statement is the quintessential example of that in action. The more she tries to convince you she DOESN'T want to sleep with him, the more she wants to sleep with him.

Womanese 101
Professor Sharpe

What she **SAYS**:

“He's a nice guy”

What she **MEANS**:

I do not wanna
fuck him

Volume I, Chapter II:
First dates, cheating, and covert slut tells

Why does she say this?

This is what women say about Men they don't want to fuck without hurting his feelings. Remember, women are never straight up about anything, least of all their sexual preferences. The nice guy statement is glorified sugar coating.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“I just LOVE the
energy around him!”*

What she **MEANS**:

*I totally wanna
fuck him*

Volume I, Chapter II:
First dates, cheating, and covert slut tells

Why does she say this?

Women never just come right out and say “I wanna fuck him.” That makes her look like a slut. So they find something obscure about a guy and play that up as an excuse to be around him. So when her friends ask “Why is Amanda around Dave so much?” They can answer with “Oh yeah...she loves his energy.”

Womanese 101
Professor Sharpe

What she **SAYS**:

“He's husband material”

What she **MEANS**:

I'm not attracted to him

Volume I, Chapter II:
First dates, cheating, and covert slut tells

Why does she say this?

When a woman isn't sexually interested in a Man but sees that he can provide her a good life after she's had her fill of random dick, she'll call a Man husband material, and she'll make sure he hears about it. This keeps him in her orbit until she's finished with her ho phase.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“He's a good guy
but....”*

What she **MEANS**:

*I'm not turned on
by him*

Volume I, Chapter II:
First dates, cheating, and covert slut tells

Why does she say this?

This falls under the same category as the nice guy phrase. Same circumstance, same tactic.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“He's a cocky,
arrogant, asshole”*

What she **MEANS**:

*I'm definitely
attracted to him*

Volume I, Chapter II:
First dates, cheating, and covert slut tells

Why does she say this?

Women love to pretend that douchebag characteristics like arrogance is a huge turn off. Their biology can't help but be aroused by Men who act like they're God's gift to women. Simply pointing out these characteristics means she's already imagined fucking him.

Womanese 101
Professor Sharpe

What she **SAYS**:

“I hate you!”

What she **MEANS**:

*I love you...and I
want to fuck you*

Volume I, Chapter II:
First dates, cheating, and covert slut tells

Why does she say this?

There's a thin line between love and hate as the saying goes and it's 100% true. A woman cannot hate you if she does not love you. So when a woman says this to you or any other Man, it's an open invitation to butt fuck her and blow your load in her face which is exactly what she wants.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“I don't want to ruin
our friendship”*

What she **MEANS**:

**I do NOT want
to fuck you**

Volume I, Chapter II:
First dates, cheating, and covert slut tells

Why does she say this?

This is another sugar coating tactic. It also means you're in the dreaded friend zone and once you're there, you're not getting out.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“I’m not sleeping
with you tonight”*

What she **MEANS**:

*I want you to
fuck me*

Volume I, Chapter II:
First dates, cheating, and covert slut tells

Why does she say this?

This is a go to shit test women like to deploy when they feel themselves getting aroused by you. When a woman says she's not sleeping with you tonight, it means two things: #1: She's THINKING about having sex with you (which is why she said it) and #2: She wants you to TRY to sleep with her. This is also another slut shield tactic. She doesn't want you to think she's a slut but she'll open her legs the minute you start to escalate. I speak from personal experience.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“I will NEVER EVER
talk to you again!”*

What she **MEANS**:

You can fuck me
whenever you want

Volume I, Chapter II:
First dates, cheating, and covert slut tells

Why does she say this?

This is in the same category as “I hate you!” She’s trying to convince you she’s completely done with you but she knows she’s not. In actuality, she’s also trying to convince herself.

Womanese 101
Professor Sharpe

What she **SAYS**:

“I love you to death!”

What she **MEANS**:

I'm not sexually
attracted to you
AT ALL

Volume I, Chapter II:
First dates, cheating, and covert slut tells

Why does she say this?

This is what women say to all of the betas in their orbit they know they'll never sleep with. If a woman ever says this to you, you're never going to fuck her.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“You’re like a brother
to me!”*

What she **MEANS**:

*I will never fuck
you*

Volume I, Chapter II:
First dates, cheating, and covert slut tells

Why does she say this?

This is friend zone talk. Girls don't fuck their brothers, guys. This statement is a death sentence to your sexual conquest

Womanese 101
Professor Sharpe

What she **SAYS**:

*“I will always
love you”*

What she **MEANS**:

*I will never fuck
you again*

Volume I, Chapter II:
First dates, cheating, and covert slut tells

Why does she say this?

Again, women are never straight up because they hate giving bad news and they're allergic to confrontation. What she's really saying is "I'll never sleep with you again, but I'll always love you and that's just as good right?"

Womanese 101

Chapter III

Branch swinging

When it comes to breakups, women rarely just tell you “I want to break up.” Most of the time they’ll use language that IMPLIES they want to break up without actually SAYING it.

Now there are 2 very simple reasons for this. #1 - Women don’t like giving people bad news, they don’t like uncomfortable conversations, and they do not like confrontation. Now to be fair, nobody does. But women go out of their way to avoid being straight up with people. This

phenomenon is more commonly known as sugar coating.

#2 - They don't want you to know there's someone else.

“Well how do YOU know there's someone else Donovan?!”

Simple. Girls rarely leave the relationships they're in, if they haven't started another one. In the manosphere, we call this “branch swinging.”

She doesn't want to look like a slut, so she uses these phrases to characterize slutty behavior as some sort of soul searching journey that'll make her a better person. The only thing she'll be better at at the end of this journey, is suckin' dick.

Why does she say this?

A woman will NEVER just tell you they're fucking someone else. So to circumvent having to be honest and having a difficult conversation (which, by the way, means admitting she's cheating), she'll use any combination of these statements to avoid looking like a cheating slut. If she says any of these things to you, she's been fucking another dude for 6 months and now knows she can start a relationship with him. Count on it.

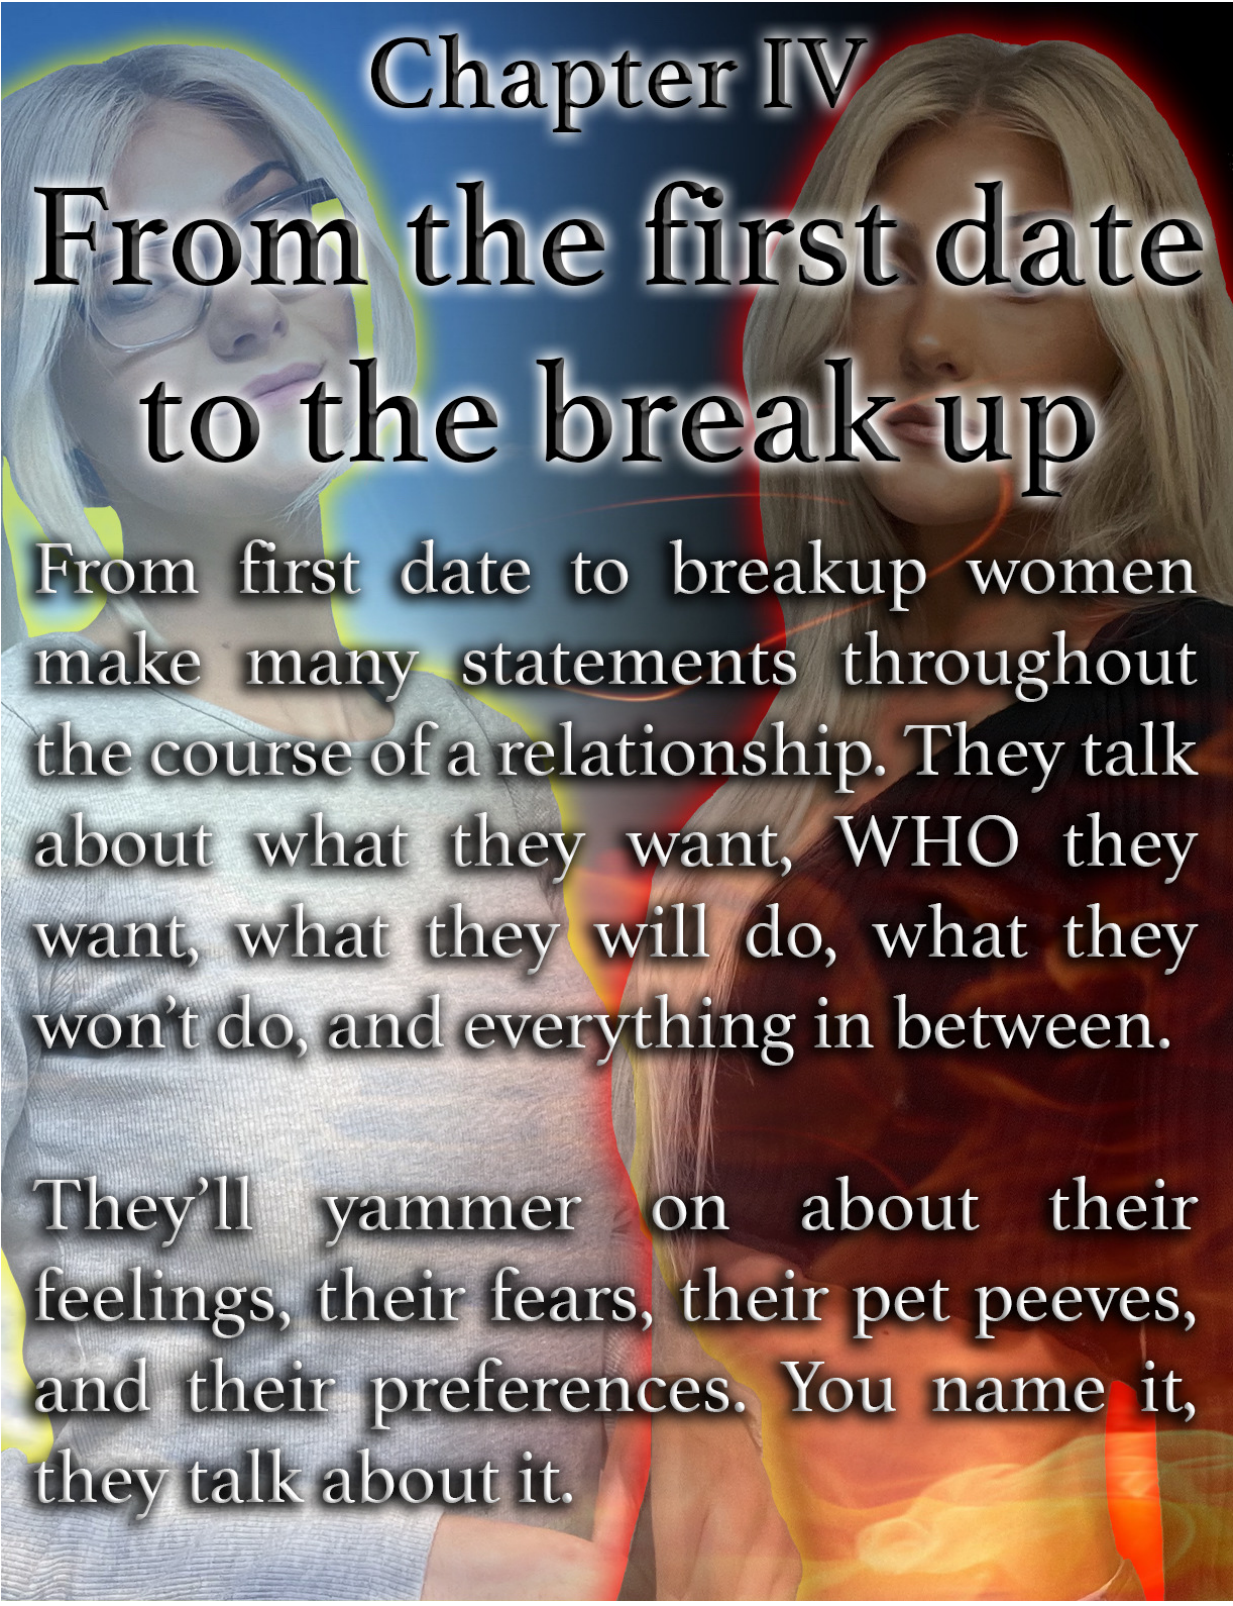

Womanese 101

Volume I
Chapter IV

From the

the breakup

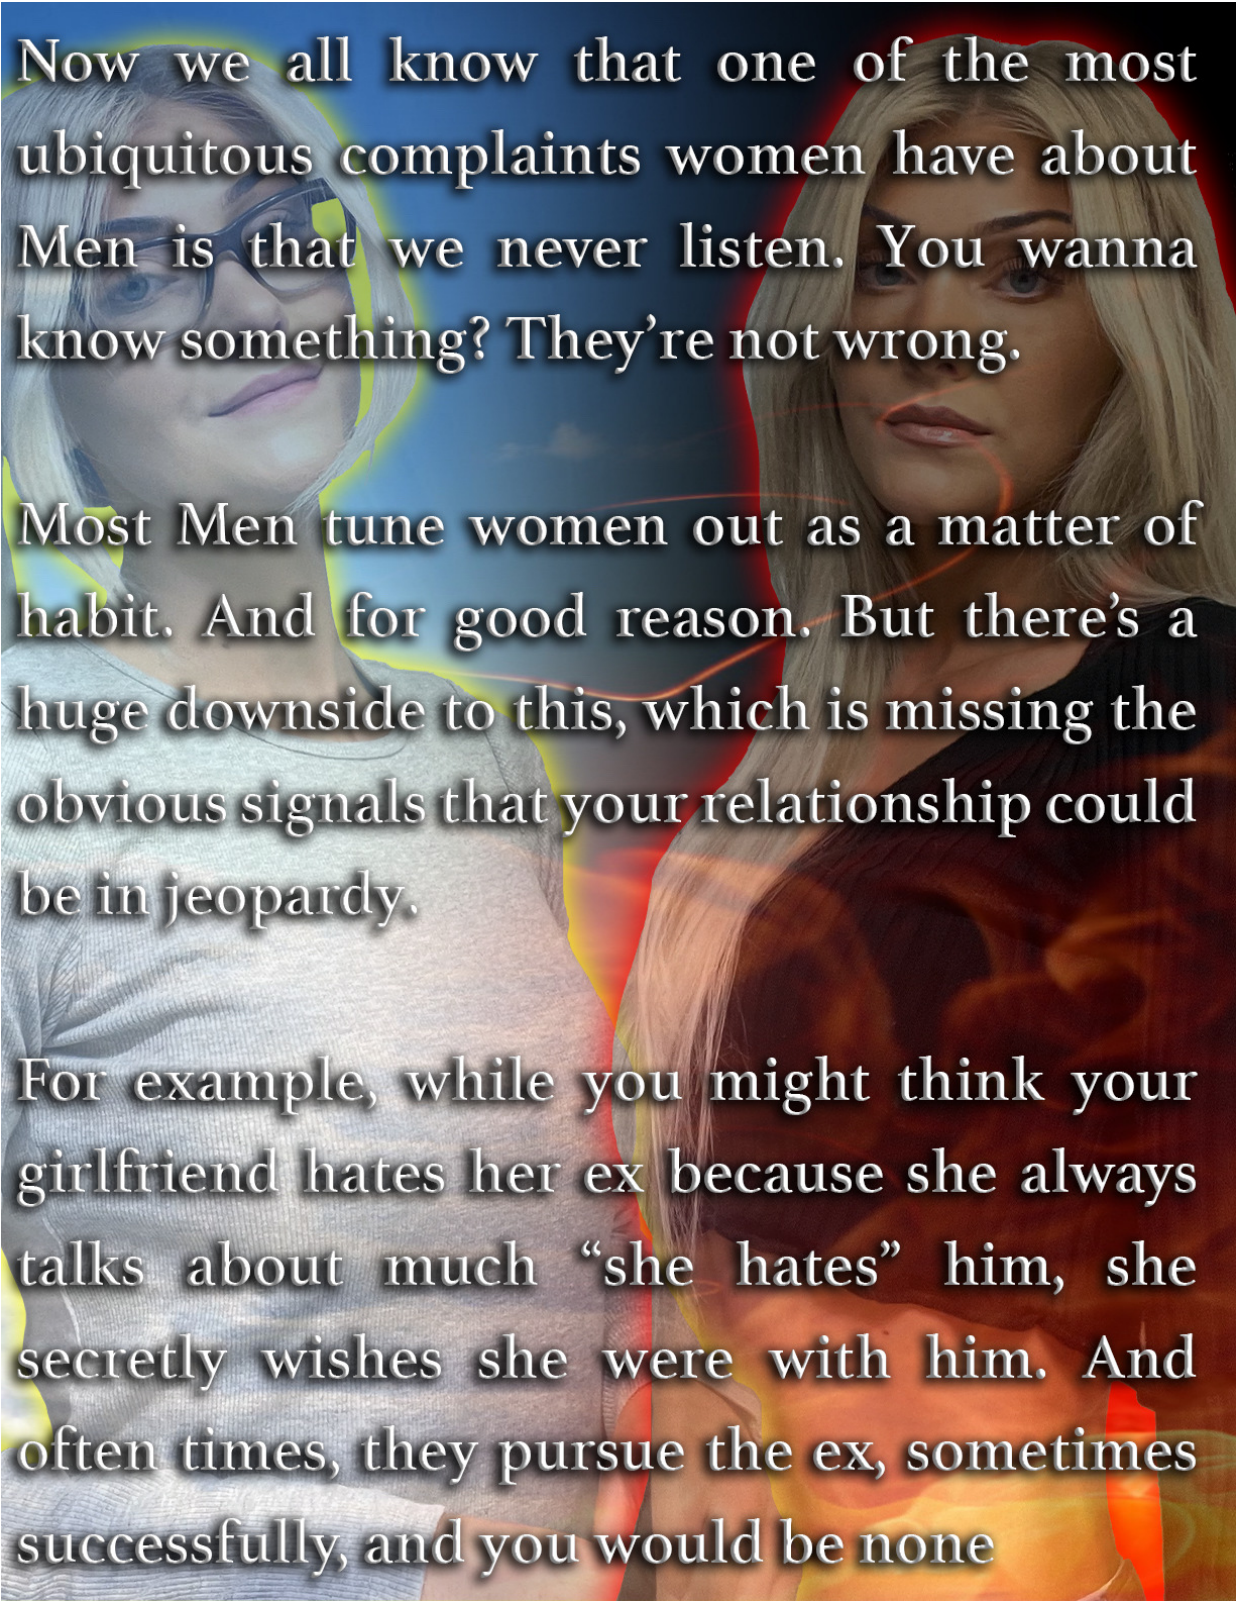

Chapter IV

From the first date to the break up

From first date to breakup women make many statements throughout the course of a relationship. They talk about what they want, WHO they want, what they will do, what they won't do, and everything in between.

They'll yammer on about their feelings, their fears, their pet peeves, and their preferences. You name it, they talk about it.

Now we all know that one of the most ubiquitous complaints women have about Men is that we never listen. You wanna know something? They're not wrong.

Most Men tune women out as a matter of habit. And for good reason. But there's a huge downside to this, which is missing the obvious signals that your relationship could be in jeopardy.

For example, while you might think your girlfriend hates her ex because she always talks about much "she hates" him, she secretly wishes she were with him. And often times, they pursue the ex, sometimes successfully, and you would be none

the wiser.

Countless Men have been blindsided by the shocking discovery of their wives and girlfriends infidelity.

The lives of many Men have been destroyed by the actions of cheating women. STDs, divorce, and worst of all, paternity fraud. That's just the tip of the iceberg.

But, if a Man knows what to listen for when his significant other is waxing poetic about her emotional state, he can pick up on the subtle signals that she is on her way out.

The vast majority of female dishonesty happens before, during, and after relationships. For that reason, this section will be the longest.

So pay close attention and take a lot of notes

This isn't to say that women don't want these traits in a Man because a lot of times, they do. But we're talking about sluts. And sluts aren't interested in personality or sensitivity. They want a stable of hot guys who pound them out and leave them in a sweaty heap. They'll look for all that other stuff when hot guys no longer want anything to do with them.

When a woman finds it hard to cheat on you, she'll characterize your relationship as "toxic" to try to get you to make it easier for her to cheat. Way too many men fall for this ploy. Do NOT be one of these Men.

Why does she say this?

When a Man doesn't allow a woman to engage in bad behavior, she's going to use this technique in an attempt to loosen his standards. The Men who cave are the Men who get treated like shit, and eventually cheated on. The Men who don't, earn the respect and adoration of their women.

Why does she say this?

If a woman says this to you, it means that your value isn't high enough to justify adhering to your standards. Women never say this about the Men they love. Instead they'll say "He doesn't want me texting my ex, going to bars or clubs, or going out of town without him. I think it's so sweet that he doesn't want any other Man to have me except for him!" V of VI

What she **SAYS**:

*"I'm super busy
right now..."*

What she **MEANS**:

*I'm not busy. I just
don't want to meet

Volume I, Chapter IV:

VI of VI

What she **SAYS**:

*“If I can finish my
project, of course!”*

What she **MEANS**:

Of course not

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

When it comes to meeting up, a rule of thumb is that if the answer is anything but yes, the answer is always no. If a girl wants to meet up with you, she will. She won't put conditions on it, she won't tell you about other plans. She'll simply say "yes" and wait for your instructions.

What she **SAYS**:

*“Don't even think
about anal!”*

What she **MEANS**:

If you try to fuck
me in the ass, I'll
probably let you

Volume I, Chapter IV:
From the first date, to the break up

II of II

What she **SAYS**:

*“I do not swallow!
It's degrading!”*

What she **MEANS**:

*I will swallow
every salty drop*

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

Anal sex and swallowing are sexual acts that are reserved for the Men women love. The guy who fucks her in the ass and gets his loads swallowed is the guy she wants to be with. This falls under the same category as “I’m not sleeping with you tonight. If a woman PROACTIVELY tells you she doesn’t do anal or doesn’t swallow, it means she’s THINKING about it. Telling you these things unprovoked most definitely means she wants you to TRY. Just like when she says “I’m not sleeping with you tonight.” But remember, she has to do this UNPROVOKED. If you ASK her about anal or swallowing, you won’t know the real answer regardless of what she tells you. It’s best to wait for HER to bring it up. That way you know SHE’S thinking about it which means she WANTS to do it.

What she **SAYS**:

*“I don't date
players anymore”*

What she **MEANS**:

I don't want to date
you, I'll fuck you
for a while

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

Despite what they say out loud, women love Men who give off a player vibe. It means he has experience with women which translates to pre selection. If a woman asks you if you're a player or says she doesn't date players anymore, she definitely wants you to fuck her.

Womanese 101

What she **SAYS**:

*“I’m so sorry you
feel that way”*

What she **MEANS**:

...but I’m not sorry

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

The only time women are truly sorry, is if they're negatively affected. This is how women fake apologize. If she tells you she's sorry you feel that way, she most definitely is NOT sorry.

Womanese 101
Professor Sharpe

What she **SAYS**:

“I’m sorry”

What she **MEANS**:

I'm not sorry
but I want you to
dump me

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

Now they're sorry but only because they've been negatively affected by what they did. People know she did you wrong and now she's sorry. But she still wants out of the relationship so she's waiting for you to dump her.

Womanese 101

What she **SAYS**:

*“I never meant to
hurt you”*

What she **MEANS**:

*...but I don't
care that I did*

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

Believe it or not, there is a kernel of truth to this. Most women never intentionally hurt the Men they cheat on but that doesn't mean they actually care that they hurt you.

Womanese 101
Professor Sharpe

What she **SAYS**:

“It just happened!”

What she **MEANS**:

I've wanted to
fuck him for a
while and I did

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

She's had her eye on that dude for a while. She made sure she made herself available to him so that he would make the first move and fuck her. Nothing ever "just happens" when it comes to women and sex. When a girl fucks a guy, she's been thinking about it for a while and eventually facilitates the cheating.

Womanese 101

What she **SAYS**:

*“I was gonna tell
you tomorrow!”*

What she **MEANS**:

*I was never going
to tell you*

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

Women never intend to tell you about their infidelity. They only SAY they were going to AFTER you find out about it in an attempt to save face. If you expect a woman to tell you she cheated, it'll be a long wait. Do NOT fall for her retroactive honesty. She was never going to tell you.

What she **SAYS**:

*“Men are
intimidated by me.”*

What she **MEANS**:

*I am aroused by
Men who
intimidate me*

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

A dating hack I discovered a while back is if you ask her what kind of woman she is, she'll tell you what kind of Man she wants. A woman who talks about how strong, competitive, and intimidating she is is telling you she's turned on by strong, competitive, and intimidating Men.

What she **SAYS**:

“I like nice guys”

What she **MEANS**:

I like nice guys, but
I will *never* sleep
with them

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

Women love nice guys. Nice guys give them all the benefits of being in a relationship without having to have sex with them. So yes, women do like nice guys but not the way nice guys want to be liked.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“I want to get
married someday”*

What she **MEANS**:

I DO want to get
married....after I've
fucked 100 guys

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

Every woman wants to get married. It's a symbol of her inherent value as a woman. A Man chose her to spend the rest of his life with and to start a family with. But today's women aren't interested in marriage when their value is at its peak. But then wonder why high value Men don't want to wife them up in their mid to late 30s.

Womanese 101
Professor Sharpe

What she **SAYS**:

“Do you love me?”

What she **MEANS**:

I'm about to ask
you for something

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

A woman who knows she deserves good treatment will never pull this on you. She knows she's earned good treatment because she's good to you. Women who have to ask if you love them as a ploy to ask for something knows she's not deserving of whatever it is she wants which is why they manipulate Men in this way.

Womanese 101

What she **SAYS**:

*“What are your
plans for
Thanksgiving?”*

What she **MEANS**:

I need a boyfriend
so I'm not alone for
the holidays

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

Women ask this at the beginning of what's known as cuffing season which lasts from Thanksgiving to spring break. They'll hook up with random dudes all summer long, but because they don't want to be alone for the holidays and Valentine's day, they latch onto the guy they like the most. Then about a week or so from spring break, they'll tell you "we need to talk." Rinse and repeat. Standard operating procedure for today's women.

Womanese 101

What she **SAYS**:

*“Sure, you can go out
with your friends!”*

What she **MEANS**:

I want to go to the
club so I gave YOU
permission to

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

This is what I like to call the reverse permission trick. Anything a woman gives you “permission” to do, she assumes she has that same hall pass. #1 - You’re going to do whatever the fuck you want and you don’t need your woman’s permission to do it and #2 - let her know that just because YOU can, doesn’t mean SHE can. If she doesn’t like it or thinks it’s unfair, then she can kick rocks.

Womanese 101
Professor Sharpe

What she **SAYS**:

“I trust you.”

What she **MEANS**:

I just say that
so you'll have
to trust me

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

This is the same as the reverse permission trick. Let her know that just because she trusts YOU doesn't mean you trust HER. You'll quickly figure out whether or not she's full of shit when you tell her this.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“If we don't have
trust we don't have
anything.”*

What she **MEANS**:

*I'm cheating on
you and you're too
close to finding out*

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

This is one of the most often used tactics in the cheater's playbook. Any woman who says this to you is absolutely fucking around on you. Walk away immediately and don't look back.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“I saw my ex the
other day.”*

What she **MEANS**:

*I've been fucking
my ex for 6 months*

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

This is a tactic women like to use to make you think you can trust them. "She didn't have to tell me anything but she did anyway! I KNOW I can trust her now!" Nonsense. All she's doing is letting you know her ex is back in her life and likely has been for a while. "I saw my ex the other day" doesn't mean she didn't see him the day before, or the day before that.

Womanese 101
Professor Sharpe

What she **SAYS**:

“I want to break up.”

What she **MEANS**:

I want to be with
the guy I’m
cheating with

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

When a woman actually tells you she wants to break up, it means she has completed the branch swinging process. The guy she's been fucking behind your back has made it clear to her that he wants a relationship. So with the new branch firmly in her grasp, she lets the other branch go. That other branch is you.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“Don’t worry, I’m on
birth control.”*

What she **MEANS**:

*I’m lying so I can
trap you with a kid*

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

This is the classic baby trapping tactic women have been using for years. Why Men continue to fall for this, I'll never know but if a woman PROACTIVELY tells you she's on birth control or that she can't get pregnant is almost ALWAYS lying and is probably ovulating. Wrap your cock, gentlemen.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“Trust me, I do NOT
want kids!”*

What she **MEANS**:

*I tell you this so
you’ll fuck me raw*

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

Another baby trapping technique. She'll tell you this to make you think that if you WERE to knock her up, that she would get an abortion. Trust me when I tell you that if a woman PROACTIVELY tells you she doesn't want kids, she's 100% carrying that pregnancy to term and you'll be on the hook for 18 years of child support.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“I’m not that
person anymore.”*

What she **MEANS**:

*I’m still that
person...just not
with YOU*

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

This goes back to getting butt fucked and swallowing loads. If a woman likes you enough, she'll let you do whatever you want to her. If she doesn't, she won't and she'll use this excuse to get out of taking it in the ass or getting a protein shake.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“My ex is
such an asshole!”*

What she **MEANS**:

*I'm still in love
with my ex*

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

A woman who talks shit about her ex is not over her ex. Remember, the more she tries to convince you of something, the less likely it's true. A woman who calls her ex an ass wants her ex IN her ass Never forget that.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“Don't you
trust me??”*

What she **MEANS**:

*I'm trying to cheat
on you and you're
making it hard*

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

When a woman needs room to cheat, she'll shame you by asking if you trust her. The answer to this shit test is "I don't trust anybody." And leave it at that.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“You treat me
SO well!”*

What she **MEANS**:

*You're boring me
so I'm going to
cheat soon*

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

Women love reinforcing behaviors they want you to repeat so that they can continue looking for your replacement. Yes, you may treat her well but that's boring to her. And if a woman's bored, she's going to cheat.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“I've never felt like
this before.”*

What she **MEANS**:

I want to make you
feel special but
you're not

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

Women will say whatever they have to in order to make you feel special or unique. This is one of the many obvious statements they make in an attempt to make you think that you are somehow different from other guys.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“I think I’m falling in
love with you.”*

What she **MEANS**:

*I’m not falling for
you. I’m just tired
of being single*

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

This is another go to statement women use to make Men feel special. Women know how to stroke a Man's ego and telling him she's falling in love with him almost always works. Now that you know, you can act accordingly.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“So where is this
headed anyway?”*

What she **MEANS**:

I want to be
your girlfriend

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

Feminism has misled women into thinking that expressing interest in a Man is unattractive. On this false assumption, they'll ask where this is headed as an indirect way to strike up a conversation about an actual relationship. If a woman didn't want to be your girlfriend, they wouldn't care where things were headed so they'll never ask.

Womanese 101

What she **SAYS**:

*“I don't have sex
unless I'm in a
relationship.”*

What she **MEANS**:

*I don't want
to fuck you*

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

Girls fuck guys they're not in relationships with all the time. What women are doing here when they make this statement is trying to extract resources out of you without having to sleep with you. Meanwhile, they're getting butt fucked every night by the guy who couldn't give less of a shit about her.

I of II

What she **SAYS**:

II of II

What she *SAYS*:

"I've made a lot of mistakes in life."

What she *MEANS*:

I've fucked SO many guys

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

Any time a girl says she's been through a lot or has made a lot of "mistakes" it ALWAYS means sex. Remember, girls will never say "I've fucked a lot of guys" so they'll say "I've been through a lot" which really means "I've been through a lot of dick." "I've made a lot of mistakes" means I've fucked a lot of dudes.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“I haven't been
in a relationship
in 2 years.”*

What she **MEANS**:

*I've been fucking
random guys
for 2 years*

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

Women assume that WE assume that if they're not in a relationship, that they're living in a convent somewhere waiting for Jesus Christ himself to show her Mr. Right. In other words, they want us to think they've been celibate the whole time. This is never the case. Women are never NOT fucking. There's always a dick in their lives one way or another whether they're in a relationship or not.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“I don't care what
people think of me!”*

What she **MEANS**:

*I obsess over what
people think of me*

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

Women care very much what people think of them. That's why they're always saying they don't. Remember, the more she tries to convince you of something, the less likely it's true. Burn that into your mind, guys.

Womanese 101
Professor Sharpe

What she **SAYS**:

“I have a boyfriend.”

What she **MEANS**:

I DO have a BF but
I'll fuck you if I like
you enough

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

This depends upon when she says this to you. If you chat her up for 20 minutes, then go for the phone number and she tells you she has a boyfriend, she definitely likes you and is shit testing you. If she tells you she has a boyfriend 3 seconds into the conversation, she doesn't find you sexually attractive. Not all shit tests are deployed equally. Sometimes a shit test is just a rejection. That's part of the game.

Womanese 101
Professor Sharpe

What she **SAYS**:

*“I’m HAPPILY
married!”*

What she **MEANS**:

I am SOOO ready
to cheat
on my husband

Volume I, Chapter IV:
From the first date, to the break up

Why does she say this?

Again, I can't repeat this enough. The more she tries to convince you of something, the less likely it's true. A woman who says she's HAPPILY married is a woman trying to oversell her contentment with her marriage. Women who actually happily married just say they're married. But women who are looking to CHEAT will say they're HAPPILY married.
